Summer will arrive soon! When we thought the course was drying up well from the wet March we had, last weeks deluge bring a huge amount of water onto the golf course. The course is recovering well and drying out fast. The Greenstaff are cutting as much and as fast as possible now! We have sprayed the greens with feed and have also sprayed the whole site with weed killer. We are topping up the bunkers with 10 ton of sand.

Big Thank you to everyone who played in the Clubs 30th anniversary competition making it a really special occasion. Thank you to all the companies that sponsored us with prizes, allowing us to have a huge prize table on the day. Full results can be found on next page.

We have a great evening of Cross Country golf planned on Tuesday 23rd May 5pm-7pm. Play 9 holes across the golf course like you have never done before and finish the round off with a meal after. Sign up list is in the corridor for the last week. We need just half a dozen names to make it a really fun night.

We still have spaces available for the Wilson Golf Equipment Demo day on Monday 22nd May, Times are available in the early to mid afternoon. Come and see their new Dynapower range and see how it performs against your clubs!! Call the Pro Shop to book your appointment.

With a fine week forecast, buggies should make a full return from Monday at last. Call first thing to confirm!
